

Vincent Isaac Jeyaraj J

Dublin, Ireland | [LinkedIn](#) | [Portfolio](#) | +353 892733963 | vincentisaacjeyaraj.j@gmail.com

PROFILE

Multi-award-winning master's graduate with one year of internship experience in Machine Learning. Curious and detail oriented individual with a competitive mindset, always committed to deliver best work. Excited to bring fresh ideas, strong problem solving skills, and a drive for impactful innovation to the team.

WORK EXPERIENCE

Andromeda Maritime Solutions Pvt. Ltd

Bangalore, India

Deep Learning Intern

April 2024 - August 2024

- Built and optimized ML pipelines using Python, PyTorch, and OpenCV, improving 3D perception accuracy by 28% through depth estimation and rectification enhancements.
- Developed a robust localization module using SLAM and CNN-based feature extraction, improving accuracy and system reliability.

SRM Institute of Science and Technology

Chennai, India

Machine Learning Intern

February 2024 - March 2024

- Applied signal processing techniques (FFT, wavelet transforms, onset detection) and trained Recurrent Neural Network models to detect complex patterns in time-series data.
- Experimented with ensemble, tree-based, and Bayesian methods, benchmarking performance against traditional dead-reckoning algorithms with machine learning models.
- Deployed real-time object detection models (YOLOv5 + CNN) on Jetson Nano edge devices for aquatic life and pollution monitoring.

Feyn Labs Services

Chennai, India

Machine Learning Intern

May 2023 - July 2023

- Conducted EDA and sentiment analysis on electric vehicle datasets, applying clustering with K-Means and using LSTM forecasting to predict sales and production demand.
- Translated analytical findings into visual dashboards and reports, highlighting market trends, customer behavior, and geographic insights for decision-making.

SKILLS & INTERESTS

Skills: Microsoft Suite | Google Suite | Git

Programming Languages: Python | R | SQL | C | Embedded C

Machine Learning & AI: PyTorch | TensorFlow | Keras | Scikit-learn | Hugging Face

Data Visualization: Tableau | Power BI | Seaborn | Matplotlib

Big Data & Cloud: Spark | HDFS | Docker | AWS (S3, Lambda, EC2, SageMaker) | Azure (Data Factory, Databricks, SQL, Data Lake)

Interests: Public Speaking, Reading, Badminton and Cooking.

EDUCATION

Dublin City University

Dublin, Ireland

MSc Computing: Data Analytics

September 2024 - October 2025

Thesis: MAGMA: Multi Agent Ground Truth Builder and Modular Annotation System

Saveetha Engineering College

Chennai, India

B.Tech: Artificial Intelligence and Data Science (First Class Honors)

June 2020 - May 2024

Thesis: Automated Machine Learning Model Generation

ACHIEVEMENTS

Nirala State Level Govt. Hackathon

February 2024 - September 2024

Winner

- Selected among the top 50 teams out of 8400+ teams (290 universities, over 28,000 students) in a state-level government hackathon and awarded \$1000 in R&D funding.

ICAME Conference

March 2024 - March 2024

Best Paper Award

IBM Z Datathon

October 2023 - October 2023

Global 3rd Prize

- Achieved global 3rd place in the IBM Z Datathon with over 3,000 participants from 32 countries, earning \$500 prize money and \$10,000 worth of IBM Z server access.

MTS Nanda Student Innovation Award

December 2022 - January 2023

Winner

- Won 1st place in the MTS Nanda Student Innovation Award, a national-level hackathon conducted in collaboration with ASCE SRM Student Chapter & Norinco India Pvt. Ltd.

Arms Community's Inventor's Challenge

June 2022 - December 2022

Runner Up

- Secured 2nd place among 258 teams across India in the Arm Community Inventor's Challenge 2022, facilitating \$390,000 in university collaboration resources.

Climate Data Hackathon

March 2022 - May 2022

Most Entrepreneurial Team

PROJECTS

- Automated Trading Bot Using Market Sentiment Analysis.
- Real-time Gesture Recognition using Deep Learning.
- Severity Grading of Knee Osteoarthritis using Transfer Learning.
- IOT Enabled Gait pattern recognition and correction for ICD-10.
- Realtime Robot's End Of Arm Tooling (EOAT) Usage Prediction Using Computer Vision.
- Integrating image-based LLMs on edge devices for underwater robotics.
 - o <https://doi.org/10.1117/12.3014446>

CERTIFICATIONS

- Google Data Analytics Professional Certificate *September 2023 - November 2023*
- Research Data Management and Sharing *November 2023 - December 2023*

LEADERSHIP EXPERIENCE

Saveetha Engineering College - Robotics Club

Chennai, India

Project Manager

August 2022 - May 2024

- Led teams to complete 5+ IoT and ML projects, guiding members with planning and support.
- Coordinated and hosted 4 workshops and 2 bootcamps to help students build technical skills every semester.

Machine Learning Community, SEC

Chennai, India

Volunteer/Member

August 2023 - May 2024

- Conducted 2 tech events across 13 departments conducted 5 workshops every semester on the field of artificial intelligence.

Drestein, National Level College Symposium SEC

Chennai, India

Lead Coordinator

November 2022 - November 2022

- Served as the Lead Coordinator for the university symposium, overseeing event planning, team coordination, and coordinated 35 technical events and 44 workshops across 13 departments.
